For some of us, our appearance has changed much less than our personality.

This is Annie Ebert as a freshman and as a junior. Annie is still the smart, positive person everyone enjoys being around and talking to.

This is Mark Beckman as a freshman and as a junior. He may not look different on the outside, but he has excelled in cross country through his hard work, dedication, and endurance.

As high school is coming to a close, what are your future

Austin King being sly and smart aspires to be a criminal detective. If that doesn't work out, maybe we will see him as a star on *Law and Order!*

Taya Poynter has always been known for being an extremely nice and focused girl, so it was no surprise when she told us she had future aspirations to be a teacher!

Jonathan Moss is the perfect candidate for his dream job, being the CEO of Google.

Savannah Felke aspires to be a special ed teacher. She will excel at this job due to her caring, helpful nature!

To our surprise the almost seven foot Cole Hartman is not an aspiring NBA player; he actually hopes to graduate from Ball State and become a Stock Broker!

Team Alex at The Color Run
Keziah Lehman, Ryley Gibson, Hayley Gibson, and Kristen Russell

This summer the junior class joined together to run The Color Run in honor of Alex Rodecap, a friend who was lost on February 19, 2013. During the race friends and family ran in flying colors raising money for charity along the way! This is just one of many great examples of how the junior class makes use of their summer!

Throughout the year we have done fantastic. With all the snow, we had some competitions canceled. When the championship took place, and we went through some adverse and unique circumstances, however, we were able to pull off a first place win over the 12 schools from the radius around Ft Wayne. On the last round, I was navigating and Jayd was driving and we effectively worked together cool and collectedly to pull off the first place.

I believe in the future of agriculture, with a faith born not of words but of deeds - achievements won by the present and past generations of agriculturists; in the promise of better days through better ways, even as the better things we now enjoy have come to us from the struggles of former years.

Many people do not consider cheerleading a sport; although if you are a cheerleader or observe the cheerleaders, you will see how much work it really is. Cheerleading is just like any other sport: hard work and dedication are key components to making everything work. Working together is one of the most important things in cheerleading. Motions and cheers have to be memorized, stunts have to be perfected, and attitudes need to stay positive. Cheerleaders have a very important job of getting the crowd involved! Each person plays an important role to the team!

Zach made it to state four consecutive years. This year he broke the schools record of most career wins, he broke it with a record of 156-20! Zach said the most memorable thing bout wrestling at DeKalb were bus rides to Connersville, hanging out in the hotels with his teammates, and wrestling at state. To have success like this, you must have motivation, Zach's motivation was hating the feeling of losing and wanting to win state, this made him work even harder. Along with his coaches, hi family and friends were always there pushing him to succeed. In the future, Zach plans to wrestle in college and eventually coach wrestling while being a teacher. Congratulations Zach for all your hard work and dedication!

Congratulations to the Class of 2014!

If you were pictured but not properly indexed, we apologize. A great deal of time and effort went into the making of this book by the 2014 Saber Staff and Mrs. Rohm. Although we combed through the book for errors, it still remains a student publication which may have a few errors. Again, a lot of hard work went into the production of this book, so we hope you enjoy it for years to come.

The yearbook staff would like to take a moment to thank Yvonne Lewis and Mark Childs from Jostens for their incredible work. We would also like to thank Mrs. Rohm for having us redo, redo, and redo again. We appreciate all you do to help make our book great!

Thank you to those who contributed photos to the yearbook for everyone to enjoy. We are not able to be everywhere, so this makes a HUGE difference. A special thanks to Mrs. Cone, Mrs. Irwin, Mrs. Teders, Dana Swoveland, Celina Timmerman, Mr. Williams, and Lifetouch.

To the community businesses, we appreciate your support for help making this production possible.

Enjoy!
